

MASTER PRO WEATHERPROOF

cod. MPROWRCLA
cod. ean 8029975222035

GB

A weatherproof football table with a sleek line and foldable legs for room saving (fig. 1) for outdoor summer use and easy winter storage.

Cabinet manufactured in 20 mm thick water-proof plywood covered with plastic laminate using a special water-proof glue for perfect sealing. Colour: blue with silver edges and logo. (fig. 2)

Metal legs coated with water-resistant powder varnish. The legs fold below the cabinet.

16mm diameter high stress resistance steel bars coated with anti-rust chromium-plating. On choice, going-through bars or telescopic safety bars (fig.3).

Nylon bushes with stainless steel ball bearings: they do not rust and allow high speed action, smoother play and reduced wear and tear.

Unbreakable mopen players moulded onto the bars. Colour: red/blue. (fig. 4)

Non-rotating goalkeeper (180 degrees) or rotating goalkeeper (360 degrees) on choice.

Playfield in water-resistant plywood covered with plastic laminate using a special water-proof glue for perfect sealing. Green background with white lines to look like a football ground.

A ball pocket behind each goal mouth allows easy ball retrieval.

Plastic score counters in colours matching the players.

10 white Standard balls supplied.
